

SECTION III: STUDENT POLICIES 3430

Transportation

The Board of Education (the “Board”) of Insight School of Oklahoma (the “School”) acknowledges the challenges that families and students may confront concerning transportation to and from School and for extracurricular activities to encourage community involvement. In an effort to ensure equitable opportunities for all students, the Board authorizes transportation services to qualifying students that request transportation for these purposes.

Extra-curricular activities are defined herein to include School field trips, testing, community involvement events, such as town-hall meetings, etc., and other School sanctioned events for students that request transportation services so long as the Oklahoma State Department of Education (“OSDE”) authorizes transportation funding for the School. The School intends to provide these transportation services by using City bus passes, Uber/Lyft, or other similar transportation service providers, and bus rentals for specific School sanctioned activities as determined by the Executive Director. Due to budgetary constraints, the School may not be able to provide these transportation services should the OSDE fail to authorize transportation funding for the School.

The Board directs the Executive Director to prepare the appropriate forms for students to request transportation services and to take the steps necessary to ensure transportation services are provided as set forth herein, and to take the steps necessary to request transportation funding from the OSDE.
